About Trade Testing at Alttebo

Alttebo Training Academy is an accredited Trade Test Centre offering trade tests in **Automotive Body Repair (Panel Beating)** and **Automotive Spray Painting**. Our trade tests are conducted in a fully operational workshop facility under merSETA and QTCO accreditation standards.

Two Routes to a Trade Test

Route 1: Contract Apprenticeship

For candidates who have a formal artisan learning program on a current standing contracted apprenticeship with a SETA/Company and a logbook with workplace experience in the related trade.

You may be granted access to a trade test if you have completed a logbook and one of the following:

- N2 Certificate including the relevant trade theory subjects; OR
- Technical trade theory programs quality assured by a SETA deemed to be at NQF Level 3; OR
- Relevant Engineering NCV at NQF Level 3; OR
- Relevant Engineering NCV 4 with all trade related subjects on a NCV Certificate.

Route 2: Artisan Recognition of Prior Learning (ARPL)

For candidates who have not gone through a formal artisan learning program but possess relevant years of work experience in the related trade.

You may be granted access to a trade test if you have completed one of the following:

- N2 Certificate including the relevant trade theory subjects and a minimum of 3 years relevant working experience; OR
- Technical trade theory programs quality assured by a SETA deemed to be at NQF Level 3 and a minimum of 3 years relevant work experience; OR
- Relevant Engineering NCV at NQF Level 3 and a minimum of 3 years relevant work experience; OR
- Relevant Engineering NCV 4 plus completion of all relevant work experience modules and 18 months relevant work experience; OR
- Technical Grade 12 with Mathematics, Science, and related trade theory subjects and a minimum of 3 years relevant working experience; OR
- Grade 9 and a minimum of 4 years relevant working experience; OR
- Relevant N6 Certificate or National Technical Diploma (T, S or N stream) with 18 months relevant work experience.
